The Anthropic Argument

Two Important Questions

"How did we ____________________?"
"__________ are we here?"

The "Anthropic Argument"

(1) Our World has been uniquely designed so that:
(a) Life ________________
(b) That same life can ___________________________
(2) This ____________ cannot be the result of random chance or probabilities
(3) There is, therefore, a God who has designed us for a ______________ in the universe

The Unique Requirements Needed to Sustain Life

Water ____

Distance From the Sun ______________________________________

Terrestrial Crust ______________________________________

Magnetic Field ______________________________________

Oxygen / Nitrogen Atmosphere ______________________________

Large Moon ______________________________________

Perfect Star ______________________________________

So, How Did We Get Here?

The Impossible Odds ______________________________________

The Unique Requirements Needed to Observe the Universe

Perfect Sized Moon ______________________________________

Right Kind of Radiation ______________________________________

Thin Atmosphere ______________________________________

Location in the Galaxy ______________________________________

So, Why Are We Here?

The Ability to Observe ______________________________________

Jeremiah 29:10-14
For I know the plans I have for you,' declares the LORD, 'plans to prosper you and not to harm you, plans to give you hope and a future. Then you will call upon me and come and pray to me, and I will listen to you. You will seek me and find me when you seek me with all your heart. I will be found by you,' declares the LORD
